

# Measuring and modeling for APT: Measuring discussion questions

WJvdM Steyn

1

Measuring and modeling for  
APT:  
Measuring discussion

## Questions

- TEST OF REASONABLENESS
- HOW TO VERIFY DATA
- HOW TO AND WHERE TO INSTALL INSTRUMENTS
- Where and how should we store our data from various and evolving instruments?
- What level of data should be stored (raw, validated, analysed)?
- Which instruments are really needed?
- Is there a minimum requirement for data to always be collected?
- Wow! instrumentation of the future – what would be really nice?
